

Student Name:

Student Number:

Programme Name: PhD (Management) – Intensive Learning Academy for Innovation in Health & Social Care

Method B case

- 1) Brief background to the Project (*this is your research proposal*)

- 2) Address of external place of employment

- 3) Justification of why work needs to be done external to the College/Campus

- 4) Suitability of the external place of employment

- 5) Plan of action to support student, provide links to College and plan to support adequate supervision etc.
There will be at least fortnightly meetings with academic supervisors, either online via zoom, or face to face. There will be quarterly engagement with the external supervisor as part of the research team. Further ad hoc support will be made available as required. The supervisory team will support the engagement of activity within the postgraduate community, including training opportunities, research conferences and seminars.

Supervisory team

- 6) Name of 1st Swansea University supervisor:
- 7) Name of 2nd Swansea University supervisor:
- 8) Name of External supervisor:
- 9) Research credentials of external supervisor: See attached biography
- 10) Postgraduate student facilities (comment with respect to recommendations attached):

The School of Management has a professional learners' suite situated on the ground floor of the building on Bay Campus, Swansea, SA2 8EN. There are individual study spaces as well as group learning spaces available with open access to wifi and library resources. Online access to Swansea University's ifind service is available regardless of student's location.

11) Any other points that the supervisory team wish to raise:

Declarations

- Please attach an email or signed letter from the external supervisor(s) confirming that he/she is happy to form part of the supervisory team.
- Please also attach a copy of the external supervisor(s) CV(s)
- Signature of Head of College (or appropriate nominee)

I confirm that the Head of College supports this Method B Case –
